

**I want to eliminate
technology concerns.**

Add power and portability to Fixed Assets Manager™ with FAM™ Online Hosting Services. Enjoy all the major features, functionality and ease-of-use of FAM, with more power, speed and portability. This provides a better way for you to manage your fixed assets with increased speed and without the stress of software upgrades or data loss due to computer malfunctions.

Access.

FAM Online Hosting Services houses your data, as well as the FAM software, in a secure data center, ensuring that you have secure access to your data anytime, anywhere. Wherever you have a desktop connection, you have secure access to your company's fixed asset information—24 hours a day, 7 days a week.

Simplify.

With FAM Online Hosting Services, there is no need to involve your IT department with implementation or other concerns—Red Moon handles any upgrades, database backups or disaster recovery. This allows you to focus on value-added tasks over paperwork and IT appointments.

"Going online was a good move for us. We don't have to rely on our IT department for help with software that is unfamiliar to them. The Red Moon Solutions product support staff has been extremely responsive to our needs."

— Karen Lapka, Tax Manager
DeVry, Inc.

Solutions.

Hosting your data with FAM Online Hosting Services provides Red Moon Solutions with the ability to provide the best possible support. Because your company's data is housed in our secure data center, we are able to quickly view and troubleshoot your issue, saving you valuable time.

Automatic Upgrades

Red Moon Solutions provides all software upgrades, which eliminates IT updates to unfamiliar software and databases. Online hosting also ensures that you work with the latest version of FAM and have the immediate benefit of all enhancements.

Increased Application Speed

Red Moon Solutions uses powerful servers and up-to-date network technology so that you enjoy the advantages of high-speed application performance.

Faster Client Service

Housing data on servers dedicated to FAM Online Hosting Services enables timely access by trained FAM software engineers, allowing you to experience faster resolution time from the FAM client support team.

Enhanced Data Security

Data is automatically backed up nightly and stored in a secure, offsite location.

FAM Online Hosting Services enables your company to save time and money on administration, support, maintenance, upgrades and deployment, which gives you more time to focus on your core business needs. Learn more about this and other services at www.redmoonsolutions.com.
