

I want outstanding software
and exceptional support.

Implement.

Getting what you want doesn't end with your Fixed Assets Manager™ (FAM™) purchase. Our professional services team wants to ensure FAM is put into operation properly, so you get off to a good start. Our implementation services include:

- Installation of Fixed Assets Manager in your environment or online.
- FAM database creation and setup of:
 - Entities
 - Books
 - Accounting Information fields
 - Asset types
- Entity-level and functional security setup (Optional).

Convert.

We understand the concerns that accompany data conversion. Red Moon Solutions offers data conversion—the way that you want it done.

- Option 1: Do-it-yourself. If you have the experience, time and resources, we will provide you with documentation necessary to handle an in-house conversion.
- Option 2: Take advantage of our years of experience in analyzing fixed asset data and business processes. We will convert your data efficiently while minimizing your time and effort, so you can quickly realize the benefit of your software investment. Services include:
 - Identification of data inconsistencies and recommendations
 - Data cleanup and mapping
 - Data import, calculation and initial reconciliation

“ The customer support team is second to NONE! They are always responsible, pleasant, helpful, efficient and prompt. ”

– Minerals Technologies, Inc.

Advance.

We can make your job easier. Red Moon Solutions offers training your way.

- Free: Learn at your own pace. Use our pre-recorded online training modules, as well as our library of Tips & Tricks.
- Online: With this cost-effective training opportunity, our instructors will guide you through real-time online examples. You can attend basic, intermediate and advanced training courses that are available quarterly—or on your schedule.
- Onsite: We will come to you. Train the maximum number of employees in a minimal amount of time for one set price. Receive the same communication at the same time, adding synergy to the learning experience. This allows for all employees to use the software in the same, productive way.
