

Red Moon Solutions LLC and Vertex Inc. Create a Powerful Tax Process for Pitney Bowes

***Red Moon Solutions and Vertex Demonstrate the Integration of Red Moon Solutions' Fixed Assets Manager™
and Vertex® Income Tax - Domestic™***

Sarasota, FL, September 8, 2008 – Red Moon Solutions along with Vertex® Inc. and Pitney Bowes presented "[Create a Powerful Income Tax Process - How Integrating Asset Systems Can Help](#)" at the summer Association for Computers and Taxation conference. The presentation illustrated how Red Moon Solutions partnered with Pitney Bowes to streamline the end-to-end process of fixed assets through importing ERP system tax data into Fixed Assets Manager™ (FAM), exporting data out of FAM and importing into provision, domestic and international tax compliance. They showcased how the [certified integration between Vertex® Income Tax Solutions – Domestic™, and FAM](#), a robust fixed asset management and tax depreciation tool, has simplified, controlled and automated fixed asset workflow for Pitney Bowes.

“We are honored to illustrate the benefits of this first-of-its-kind tax compliance software integration,” states Kelley Lear, Managing Director, Red Moon Solutions. “The innovation and collaboration of Red Moon Solutions and Vertex provides a powerful tax process; allowing clients to speed the integration of fixed asset information into returns, reduces manual re-keying of data, eliminates re-keying errors, and provides comprehensive audit trail information flow. Furthermore, clients will increase their ability to react quickly to changing business needs and new acquisitions; which allows them to focus on their tax positions and overall tax strategy,” adds Lear.
